(b) Disbursement will be made only if the borrower furnishes satisfactory evidence of the total cost of the facility and payment of all debts on the facility in excess of the amount of the loan.

(c) Disbursement may be made jointly to the borrower and the contractor or supplier, except disbursement may be made to the borrower only if CCC determines the borrower has paid the contractor or supplier all amounts that are due and owing with respect to the facility and that all applicable liens, security interests, or other encumbrances have been released.

§ 1436.13 Loan installments, delinquency, and acceleration of maturity date.

(a) Equal installments of principal plus interest will be amortized over the loan term for purposes of setting a payment schedule. Installments are due and payable not later than the last day of each 12-month period of the loan, until the principal plus interest has been paid in full.

(b) Each installment may be paid in cash, money order, wire transfer, or by personal, certified, or cashier's check. Repayment shall be applied first to accrued interest and then to principal.

(c) The following actions will be taken when installments are not paid on the due date: A demand for payment shall be mailed to the debtor after the due date has passed. If the installment is not paid within 30 days of the due date or if a new due date acceptable to CCC has not been established based on a financial plan submitted by the debtor, the initial demand may be followed by two subsequent written demands at approximately 30-day intervals unless other action is needed to protect the interests of CCC. If the debtor files an appeal according to § 1436.18 of this part, collection action shall cease until the appeal process is complete, however, any payments due the debtor may be withheld and, depending on the outcome of the appeal, may later be offset and applied to reduce the indebtedness. In lieu of a foreclosure on the collateral in the case of a delinquency, CCC may permit a rescheduling of the debt or other measures consistent with the collection of other debts under the provisions of Part 1403. Alternately, CCC

may implement such other collection procedures as it deems appropriate.

(d) A claim shall be established against a borrower for any amounts remaining due after liquidation of the loan.

(e) CCC may declare the entire indebtedness immediately due and payable if the borrower violates any of the terms and conditions of this part, fails to pay any installment on time, or breaches any of the terms and conditions of any of the instruments executed in connection with the loan, or if, during the life of the loan, the collateral is used in connection with or by any unauthorized commercial operation including, but not limited to, elevators, warehouses, dryers or processing plants.

(f) Any action authorized by the provisions of this section may be taken:

(1) Against a debtor's pro rata share of payments due any entity that the borrower participates in, either directly or indirectly, as determined by CCC.

(2) Against related persons or entities, irrespective of the debtors share, when CCC determines that the debtor has established an entity, or reorganized, transferred ownership of, or changed in some other manner, their operation, for the purpose of avoiding the payment of the debt.

(g) The loan may be paid in full or in part without penalty at any time before maturity.

(h) Upon payment of a loan, CCC shall release CCC's security interest in the collateral.

§ 1436.14 Taxes.

The borrower must pay, when due, all real and personal property taxes that may affect CCC's security interest in all collateral securing the note evidencing the loan. To protect its interests, CCC may pay any unpaid taxes with respect to the collateral securing a loan made in accordance with this part, and if CCC does so, the borrower shall reimburse CCC for such payment, and if unpaid by the borrower, such debt shall become due immediately.
